BOD and/or General Meeting Highlights

Feedback Requested

One Idea that was introduced at the September Board of Directors meeting concerned the option to hold organized shoots at the range on alternating Saturdays and Sundays. This idea will be discussed in more detail In January 2027.

The Board of Directors is interested in any ideas that our members may have on how to increase participation at our scheduled shoots on all our ranges (Trap/Skeet, Brass Cartridge, Muzzle Loader, Archery). An example of an idea is to replace our sign with an electronic one with easy to change messages about upcoming events (all types, including the Annual Kids' Fishing Derby. If you have any ideas, please post them on our website or send via e-mail to Walter Sullivan at blkpowder@hotmail.com.

Volunteer Information

In lieu of making volunteering mandatory for all members, the Board is setting up a Raffle for a Muzzle Loader Flintlock.

For every event that a member volunteers for, the member will receive one raffle ticket. There is no limit to how many tickets a member can get in a year. (Note that Board members will only receive 1 ticket per year). The raffle will take place during the November 19, 2026 General Meeting.

Note that raffle tickets will be issued to all volunteers each time they volunteer. This includes those who volunteer in the kitchen and for the Sunday shoots.

Building & Grounds

We are still looking for some help with a few projects around the range.

As always we will continue to let members and the public to use our Lodge side property, but with this comes a responsibility to take care of our grounds and use some common sense.

Range News

Special Notice

Note: The Club requests that people using the ranges to empty trash cans before they get too heavy.

There have been several incidences when the gate for the Range has been closed and locked when someone was still on the Range premises. The rules concerning entry and exit of the Range and Lodge grounds are as listed below.

Note that the ranges are monitored 24/7.

- Entry / Exit – Club Grounds
  - The numbers on all the locks must be set to numbers other than the combination upon opening the lock.
  - The main entry gate to the Club – ranges and lodge - shall remain unlocked and opened while the grounds are occupied.
  - The gates must be restrained and secured while open.
  - All gates must be closed and locked upon exiting the property by the last member to leave the property.

Anyone who may need special accommodations when attending an organized shoot at the Range, the Club members running the shoot will do what is reasonably needed to provide safe modifications to ensure each member has the opportunity to participate.

Dogs on the range side of our property must be leashed at all times.

Our cameras are up and running 24/7.and have already proven to be very informative. Several incidences caught on camera have been addressed.

Another issue we are dealing with is folks stuffing cardboard backers in the trash barrels. There are wire mesh containers in both ranges for the used backers. Also, the trash barrels don't empty themselves, so when you see one getting full, please find others to help dump the debris in these containers into the dumpster.

Last of all, if you see anything that gives you concern for your safety or the club's safety, please give me (Jordan) a shout or a text.

Muzzle Loader Range

The Muzzle Loader Range is open. If there is any interest, special Sunday shoots can be scheduled.

On the Rifle /100 yard range, use only club provided target stands with 24"x24" backers. Targets should be placed no closer than 50 yards from the bench.

Do NOT place any targets on the range floor or on the frame of the gong.
